

Journeys Out Of The Body

Ronald Russell

Journeys Out of the Body Robert A. Monroe, 2014-11-12 The definitive work on the extraordinary phenomenon of out-of-body experiences, by the founder of the internationally known Monroe Institute. Robert Monroe, a Virginia businessman, began to have experiences that drastically altered his life. Unpredictably, and without his willing it, Monroe found himself leaving his physical body to travel via a second body to locales far removed from the physical and spiritual realities of his life. He was inhabiting a place unbound by time or death. Praise for *Journeys Out of the Body* Monroe's account of his travels, *Journeys Out of the Body*, jam-packed with parasitic goblins and dead humans, astral sex, scary trips into mind-boggling other dimensions, and practical tips on how to get out of your body, all told with wry humor, quickly became a cult sensation with its publication in 1971, and has been through many printings. Whatever their 'real' explanation, Monroe's trips made for splendid reading. —Michael Hutchinson, author of *Megabrain* Robert Monroe's experiences are probably the most intriguing of any person's of our time, with the possible exception of Carlos Castaneda's. —Joseph Chilton Pierce, author of *Magical Child* This book is by a person who's clearly a sensible man and who's trying to tell it like it is. No ego trips. Just a solid citizen who's been 'out' a thousand times now and wants to pass his experiences to others. —The Last Whole Earth Catalog

Journeys Out Of The Body Robert A. Mondroe, 2008 A definitive account of the extraordinary phenomenon of out-of-body experiences. When, unpredictably and against his will, Robert Monroe began to have out of body experiences, he was frightened and disbelieving. He found that he could leave his physical body and go to places far removed from the material and spiritual realities of life on earth. He came to inhabit a world unbounded by death or time. As Robert Monroe met many other people who had similar experiences and read the literature of the East that document the long history of this phenomenon, his fears were alleviated. His journeys became more frequent and began to change his life. This classic, first hand account of out-of-body experiences challenges us to revise our ideas about life and death. Robert Monroe's step by step instructions invite the reader to initiate their own out of body experiences.

Über die Schwelle des Irdischen hinaus Robert A. Monroe, 2006

Far Journeys Robert A. Monroe, 2014-11-12 The sequel to Monroe's *Journey Out Of The Body* is an amazing parapsychological odyssey that reflects a decade of research into the psychic realm beyond the known dimensions of physical reality.

The Journey of Robert Monroe Ronald Russell,2007-06-13 In 1971 Doubleday published a book called Journeys Out of the Body, a Virginia businessman's memoir of his weird and wonderful adventures on other planes of reality. That book, which has sold more than a million copies, and that man, Robert Monroe, helped cement the concept of astral travel into the American psyche and made the out-of-body experience a household word. Monroe not only helped others understand this state of being, but through his research on binaural beats and his development of the technology known as Hemi-Sync, he made the OBE accessible through programs at The Monroe Institute, which is attended by thousands of people each year. However, Monroe made consciousness research more than an esoteric thrill ride. He put his technology to practical use by creating frequencies that have helped people with everything from meditation and learning, to insomnia, quitting smoking, and pain control.

Cosmic Journeys Rosalind A. McKnight,1999 A pioneer of consciousness exploration, Robert Monroe founded The Monroe Institute which conducts research in human consciousness, out-of-body experiences, accelerated learning, communication with and travel through non-physical realms. In the early 1970s, Rosalind McKnight served as a test-subject for some of Monroe's most fascinating and incredible research sessions. In this text, McKnight relates her first meeting with Monroe and her initial sessions using Monroe's new technology. Her experience includes out-of-body experience and communication with nonphysical entities.

Summary of Robert A. Monroe's Journeys Out of the Body Everest Media,2022-03-26T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The primary purposes for the release and publication of the material contained in this book are to provide comfort to others who have experienced the same phenomenon, and to open up the doors of perception to the great enrichment of man's knowledge and understanding of himself and his environment. #2 The second major event occurred three weeks later, when I was sleeping on the couch. A beam or ray came out of the sky to the north at about a 30° angle from the horizon. It was like being struck by a warm light. Only this was daylight and no beam was visible, if there truly was one. #3 I experienced the same phenomenon nine times over six weeks. It began just after I had lain down for rest or sleep, and I was unable to move. I was terrified, but I stayed with it and observed what happened. #4 I experienced a sensation that was similar to vibrations, but it never developed into anything concrete. One night, I was lying in bed just before sleep when my arm was draped over the right side of the bed, fingers just brushing the rug. I idly tried to move my fingers, and found that I could scratch the rug.

The Ultimate Journey Robert A. Monroe, 2014-11-12 In 1958, a successful businessman named Robert Monroe began to have experiences that drastically altered his life. Unpredictably, and without his willing it, Monroe found himself leaving his physical body to travel via a second body to locales far removed from the physical and spiritual realities of his life. He was inhabiting a place unbounded by life or death. Monroe recorded these experiences in two bestselling, landmark books, *Journeys Out of the Body* and *Far Journeys*. *Ultimate Journey*, his final and career-defining work, takes us further than we thought possible—and reveals to us what it all means. *Ultimate Journey* charts that area which lies over the edge, beyond the limits of the physical world. It presents us with a map of the interstate—the route that opens to us when we leave our physical lives, with their entry and exit ramps, their signposts and their hazards. It also tells us how Monroe found the route and travelled it, and uncovered the reason and the purpose of this pioneering expedition. It is a journey that reveals basic truths about the meaning and purpose of life—and of what lies beyond.

Cosmic Journeys Rosalind A. McKnight, 2013 Explorers are known for the journeys they take. Rosie McKnight explored the vast nonphysical dimensions of consciousness. With famed out-of-body researcher Robert Monroe, she helped to further the understanding of human consciousness, and to demonstrate beyond doubt that we are more than our physical bodies. Many of these pioneering sessions are presented here almost word for word.

Journeys - Out of Body Ventures That Prove God Exists Michael Mullen, A prophecy book like no other. In this book you

will read how the author for the last forty years has been pulled from his body supernaturally to meet God The Father and also Jesus Christ. He has seen Jesus face to face numerous times, he saw the future world war three between the US and Russia from the great white throne room and was commanded to write what he saw. He also came face to face with the devil who threatened and attacked his family for writing his books. In the 1990's he was visited by an angel who told him the mark of the beast would be a microchip the size of a grain of rice which will be taken in the right hand or forehead and will be connected to your bank account. The author warns never to take this mark, worship the beast or his image, as it will lead to eternal hell for however takes it. The greatest trick the devil pulled was to convince the world he does not exist, that he is some kind of cartoon character. But he is real, Jesus is real as is heaven and hell. A fantastic true story.
